

Make a pencil case!

POWERED BY
COMPANY SHOP GROUP

Get ready to head back to school and make your own pencil from clothing you've out grown such as an old t-shirt.

TAKES
45
MINUTES

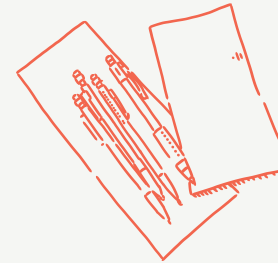

You will need:

- Recycled material
- Needle and thread
- Buttons
- Scissors
- Ribbon

What to do:

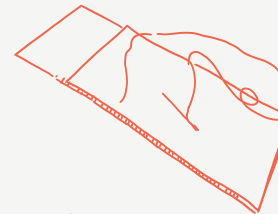

Step 1

Cut your recycled material to a size that's large enough to fit your pencils in. Leave enough length on one piece of material to fold over to enclose the pencils at the end.

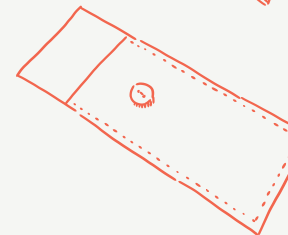

Step 2

Sew up each side of the pencil case.

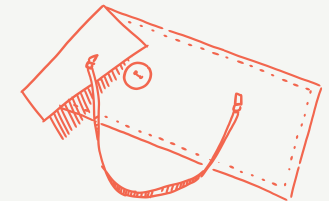

Step 3

Use the needle and thread to attach a button to the pencil case just below the opening.

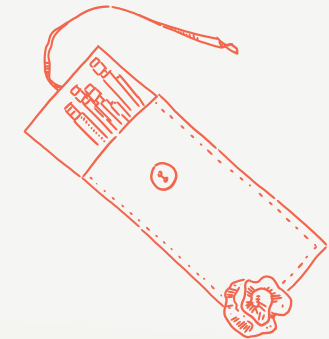

Step 4

Sew one end of the ribbon to the flap that can loop or wrap around the button.

Step 5

Once the pencil case is constructed, you can get creative with decorating it!
